CLAY LANDOWNERS WORKSHOP

FRIDAY, SEPTEMBER 11TH
8:30AM - 1PM

Connect with the Experts.

Meet with representatives from federal, state, and local agencies—all in one place and ready to answer your questions about agriculture, forestry, and natural resource management.

Whether you're a new landowner or have managed property for years, you'll find valuable information on:

- Cost-share programs
- Land conservation opportunities
- Best Management Practices (BMPs)
- Pine tree planting and forest management
- Prescribed burns
- Other resources for landowners

This is an excellent opportunity to learn what's new with government programs, connect with agency professionals, and discover resources that can help you achieve your land management goals while protecting your property's future.
